NEW YORK'S WATER GOING TO WASTE

For the first time in 14 years, or since the dam was completed, water is flowing over the spillway of the huge Cornell Dam, Croton, N. Y., which forms Croton lake, a part of the New York water supply system. With five inches of water going over the spillway, it is estimated that the city is losing about 2,000,000,000 gallons of water every 24 hours, or enough to supply Manhattan and the Bronx for a week.

COLORED LIGHT AID TO TECHNICAL TRADE

A light of immense value to the technical trade was demonstrated before the Society of Engineers in England recently by its inventor, L. C. Martin. The light from an electric bulb is reflected from a multicolored screen composed of blue, green and purple, giving the exact value of daylight on colored fabrics.

DON'T BE A "MISERY-FACTORY"

Stop Headaches, Bilious Spells, Colds and Constipation with "Cascarets"—Ideal Physic!

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach and colds.

Are you keeping your liver and bowels clean with Cascarets, or merely shocking your insides every few days with Calomel, Salts, Oil or violent Pills?

Cascarets work while you sleep; they cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels which is now keeping you in constant misery. Cascarets never gripe, sicken or cause inconvenience and Cascarets cost so little too.
